INJUNCTION TIES JEROME'S HANDS IN THAW INQUIRY

Lawyer Gleason Obtains a Writ of Prohibition Forbidding Him to Call Witnesses Before the July Grand Jury.

To the surprise of the District-Attorney's office and the lawyers favored by the Thaw family, one of the attorneys whom Thay insists are in charge of his defense to-day obtained from Justice Blanchard, in Part II. of the Supreme Court, an ex parte writ of prohibition restraining William Travers Jerome and the Grand Jury from taking any further evidence in the murder of Stanford hWite. They are also restrained from issuing any subposenss in connection with the case.

Under the terms of the writ the District-Attorney and the Grand Jury are required to appear in the Supreme Court to-morrow morning and show cause why it should not be made permanent.

In his application for the writ Attorney John B. Gleason gave as his reason that under pretense of bringing testimony before the July Grand Jury, the District-Attorney was conducting star-chamber proceedings for pected the purpose of securing evidence to be used against Harry Thaw from his
